OUT ON THE LIMB with George Vierhus

THIS COLUMN, AS WE have told you many times, is a great repository for trivia of all sizes and shapes.

Inconsequential tidbits that we pick up from time to time eventually seem to find their way into "out-on-the-limb". Most of 'em probably can be catalogued into the "so what" category.

But we go on the theory that, if we sort of enjoy 'em, maybe there are a few others around who operate on the same kookie wave-length with us.

Or is that expecting too much?

-0-

TAKE AS A F'INSTANCE, this little jewel we picked up at a cocktail party during the holidays.

The party was held in a plush apartment which had one of those huge glass patio doors opening onto a pond on which ducks were gracefully gliding about.

Having limited experience with ducks or ponds, and not being any great shakes as a swimmer, we were intrigued by the effortless kicks of the ducks as they moved on the pond.

In a brilliant attempt at small talk to the person who was next to us, we wondered out loud what made the ducks float.

And we learned right then and there that it was the oil in their feathers!

At the risk of having our ignorance displayed more prominently than ordinarily, this oil-in-the-ducks bit was brand new to us.

And for further amplification, according to our informant, if you take a duck out of water, and wash its feathers in detergent, the duck will sink when it is put back into the water.

Admittedly our informant thought we were pulling his leg. But we assured him that we were quite certain that there must be others who were as ignorant as we were on the subject.

And we were right. Sort of.

Subsequently at the same party, we conducted a "survey" on a limited basis.

There were some, we are happy to report, who were as uninformed as we were on the subject.

We were pleased to enlighten them with our newly-acquired knowledge.

It is always surprising what one can pick up at cocktail parties.

-0-

INCIDENTALLY AT ANother party during the holiday season we heard about a "smooth" operation that set the Christmas spirit back about 100 years.

It seems these people had come out to a parking lot and found that their car was missing.

They had only been gone for a few minutes but, unfortunately, had left their keys in the car.

After reporting the theft and getting a ride home, they were overwhelmed to discover their car parked in their driveway with the keys in it and a note on the steering wheel.

The note expressed thanks for the use of their car and explained that an emergency had arisen and they just had to have transportation in a hurry. So the first car they came to with keys was used.

In appreciation, the users of the car attached to the note two tickets for the upcoming Raiders' football game, as a sort of token gesture for their indiscreet act.

The owners of the car, after reading the note (it was Christmas, y'know) were pleased that they had been able to perform this absentee service, even in such an involuntary manner. They were more than pleased, of course, to get their car back.

And as avid Raiders' fans they appreciated the tickets.

So they went to the game.

Now, are you ready for the

NEXT MONDAY NIGHT

Planning Commission pursues question of kennel sounds

Acting on the direction of the City Council, members of the Planning Commission next Monday, January 15, will pursue the question of what is a "reasonable" noise level for a proposed dog kennel at 1849 Pollard Road. The Commission meets in the council chambers at 7:30 p.m.

The Commission previously approved the zone change request for Joyce Kealoha to allow a dog kennel with the stipulation that the sound level was reasonable based on acoustical reports before the site plan would be approved.

Acoustical reports were submitted, but the Council referred the matter back to the Planning Commission for a more specific recommendation as to what constitutes a "reasonable" sound level.

Also on the agenda for next Monday are plans for three industrial buildings on the Ben Smith property on Division St. The matter has been continued from previous meetings.

Plans for a warehouse-office at 503 Salmar submitted by L. W. Bitney are also on the agenda as a continued item.

The Commission is also scheduled to act on the application of a proposed shopping center development at Llewellyn and Hamilton submitted by James Foug & Associates on behalf of Ziegler Development Corporation. At the last meeting, a number of modifications were suggested for the proposed plans.

Gold Seal Realty is asking for a use permit for the conversion of a residential building for office use at 492 Nottingham Way and Ira Kirkorian is seeking a variance (10-feet to 3-feet) in a rear yard setback in the auto center in the Kirkwood Plaza.

At the January 2 meeting, the Planning Commission approved plans for expansion of Central Animal Hospital at 971 E. Hamilton and directed Garland J. Spears to bring back a modified landscaping plan for his trailer sales operation at 175 Curtner Ave.

The Planning Commission next Monday also is expected to discuss the charges in the proposed sign ordinance in preparation for forwarding it to the City Council. A number of councilmen have urged that the matter be expedited.

The Commission next Monday is also expected to take final action on the traffic circulation and open space elements of the general plan.

Trustee filing can begin

Filing period for trustees of the various school districts begins today (Jan. 10) and extends through Friday, Feb. 16. Election will be held on Tuesday, April 17.

Forms for candidates can be obtained at the Registrar of Voters office, 45 W. St. James St., or at the various school district offices.

Main interest locally seems to center on the Campbell Union (elementary) School District where the terms of three trustees, Judy Ruscigno, Eleanor Graham - Armstrong and Ralph Steinberg, expire.

A number of individuals already have indicated their interest in running in the district, although no public announcements have yet been made by either the incumbents or others who may seek the offices.

Goals group seeks citizen involvement

More than 60 citizens of the community will become members of the city's first advisory goals committee on Thursday, January 18, if the first "goal" of the 22-member steering committee, determined at the first meeting last week, is achieved.

At the first meeting, attended by 20 of the 22 who had been named by the City Council as the steering committee for the city's goals program, Steve Campbell, general manager of Kirkwood Plaza, was named chairman and Bob Peck, principal of Campbell High, vice-chairman.

To assure that the advisory committee will be representative of the entire community, each member of the steering group agreed to "recruit" two citizens by the January 18 meeting, at which time the entire membership will be assigned to the various sub-committees that will be set up under the three basic areas of concern.

AREAS OF CONCERN

The three areas of concern which will "concern" the city's first goals committee are (1) physical and economic development of the city; (2) intergovernmental relations, and (3) city's responsibility for people-orientated programs.

It is planned that each of the three main phases will be divided into four sub-divisions. Members of the steering committee, at their first meeting, designated their particular interests and at the January 18 meeting, it is planned to complete the organizational structure and the sub-committees then will set up their schedules.

Work sessions are planned by the various committees through April and the time table calls for the collection of data and drafting of the final reports on the proposed goals in May.

Presentation of the final report to the City Council is planned for June.

CITY COOPERATION

At the meeting of the steering committee last week, members of the City Council and City Manager Bob Stephens, in outlining the intents and purposes of the goals program, emphasized that the city was vitally concerned with what the citizens desired for their city.

They offered cooperation of the city facilities in developing the goals program and that staff personnel would be available for research and the furnishing of needed data.

Vice-Mayor Dean Chamberlin and Councilman Norm Paul, along with Stephens and John Ruppel, administrative assistant, will serve as liaison between the citizens committee and the City Council.

Campbell, 24, the chairman of the first citizens goals committee in the city's history, was named general manager of Kirkwood Plaza by Ira Kirkorian in September of last year. He was graduated from San Jose State in June, 1971, and is currently working toward his master's degree in public administration.

He attended high school in Hayward. His wife, Cynthia, is a teacher in the Berryessa dis-

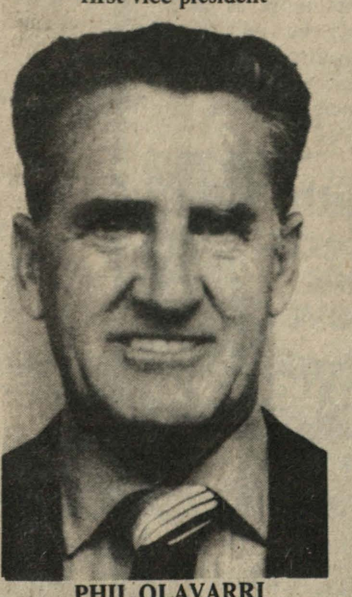
INSTALLATION ON JAN. 19

CofC officers take office this Friday

ED FABBRI
---new president

AL BLAINE
---first vice-president

JOHN COPPER
---second vice-president



PHIL OLAVARRI
---treasurer

Although the Chamber of Commerce officers and directors will not be "officially" installed until the annual dinner on Friday, January 19 at Zorba's, they will actually take office this Friday, January 12, at the annual all-day "retreat" in Santa Cruz.

At the "retreat", which was instigated last year, the new directors and the holdover ones will discuss the problems and objectives and outline the program for the year for the Chamber of Commerce.

At Friday's session, Ed Fabbri, of the Bank of America, incoming president, will take over the gavel of office from Al LaPlante, of New York Life, who served as president last year.

Al Blaine, of Aero Pharmacy, is scheduled to move up to first vice-president and John Copper, of IBM, is the sole nominee for vice-president and Phil Olavarri of Killroy Pest Control for treasurer. Olavarri also served as treasurer last year.

Master of ceremonies for the annual installation dinner will be Fred LaCosse, newscaster for Channel 11, and the Rev. W. H. (Ben) Gould will install the new officers.

Highlighting the annual dinner will be the announcement and presentation of the coveted citizen-of-the-year award by Councilman Norm Paul, last year's winner.

Officials talk pact Thursday

Misunderstandings relating to the status of the proposed automatic mutual aid pact between the county's Central Fire District and the City of Campbell could be resolved around the conference table on Thursday afternoon in the city hall.

Representatives from the board of fire commissioners of Central Fire along with their chief, Curtis Kirby, will meet with Mayor Bill Podgorsek and Vice-Mayor Dean Chamberlin and Fire Chief Gene Borden.

Directing the meeting will be Supervisor Ralph Mehrkens, chairman of the board, and City Manager Bob Stephens will also be in attendance.

So far the Central Fire commissioners have failed to approve any automatic mutual aid pact with Campbell which conceivably could cause problems in County "island areas" that are better served by Campbell.

$191,000 "RESTS" UNTIL JULY

City's windfall goes into bank

Campbell's windfall from the federal government of $191,574, representing two checks in the revenue-sharing program, will draw interest from the bank at least until July, the City Council ruled on Monday night.

Although the City Council has discussed on an informal basis what priorities should be used in the spending of the money, on a motion by Councilman Norm Paul Monday, the Council deferred any action on expending the windfall until July. It was pointed out that the city has 24 months in which to spend it.

Paul explained that the newly-formed Citizens Advisory Goals Committee will have submitted its report by that time and will probably have a recommendation that should be considered on the matter.

This week the city received a federal check for $93,312, representing the apportionment for the second half of the 1971-72 fiscal year in the federal revenue-sharing program.

In December the first check of $97,762 was received.

High on the priorities that have been discussed are capital improvement programs. However, there are few restrictions attached to the federal allocation and the city has considerable leeway in the use of the money.

At Monday's meeting, the Council also approved a budget allocation of $2100 for the newly-formed Citizens Goals Advisory Committee upon the recommendation of City Manager Bob Stephens.

Stephens explained that funds would be needed for temporary help for secretarial and clerical work, postage and other expenses.

The manager suggested that the money could come from the revenue-sharing funds. However, the Council indicated that the federal windfall should not be touched until July and directed the money come from unallocated reserves.

In a related matter, with respect to priorities for spending the windfall, the Council heard a report from Stephens on the "asking price" for two parcels of property owned by D. A. Sanders, adjacent to the Rincon Park.

The Parks and Recreation Commission, in a letter from Edith Morley, chairman, had recommended that the parcels be acquired by the city for Rincon Park expansion.

Stephens said that he had learned that one of the parcels was listed at $62,000 and the other at $18,000. He said that it came out about $43,000 per acre.

In other matters, the Council approved the agreement with the Moseler Company for a burglar alarm system for participating local stores as recommended by Police Chief Don Burr.

The Council referred the application of Verne Buckle for a plumbing shop at 240 Dillon in a planned development zone back to the Planning Commission for further review. The Planning Commission had previously rejected the application.

The Council also following the action of the Planning Commission, denied the long-pending proposal of Central Development Co., for an eight-story hotel and commercial building at Hamilton and Llewellyn avenues. The applicant had asked for withdrawal of the application after it had been pending for almost a year and City Attorney Bob Dempster had recommended the denial procedure to clear the record.

Permits were granted both the Outlook Restaurant in the PruneYard and Cottonseed Clark, at Hacienda and Winchester, for live entertainment.

At the request of the applicant, [illegible] Knowles, of 89 Cherry Lane, the Council continued until January 22 any action on her appeal from a Planning Commission denial of a use permit for a dance studio at her residence.

AT MIDWAY AND E. CAMPBELL

Four-way stop signs fail to do job, Council learns

A "noble" experiment of six-week duration went by the boards Monday night when the City Council directed that the four-way stop signs at Midway and East Campbell Avenue be removed.

The signs had been installed on November 28 as a stop-gap measure to alleviate the traffic problems on the residential street stemming from through traffic.

In a letter from Homer Hyde (who resides at the intersection) and in an oral report by Bill Dok, 1330 E. Campbell Ave., the Council was informed that the four-way stop signs had not reduced the through traffic. But it had added to the annoyance because of the acceleration and gunning of 6500 vehicles a day.

The four-way stop signs were installed in lieu of a proposed blockade at Midway that had been proposed to discourage through traffic. A joint city-county study of the traffic situation in the area is now under way.

County residents in the area, supported by county officials, had protested the blockade and had suggested that the opening of "280" and the stop signs would improve conditions.

The City Council agreed to wait for 90 days but specified that, after such time, if conditions had not improved, the blockade would be considered again.

In the meantime, the joint traffic study of the entire area was approved, at a cost of $5000 with the city and county sharing the tab. It was hoped that the study would result in some permanent solution to the vexing problem, which East Campbell Avenue residents and city officials have maintained is area-wide in scope.

Residents on the adjacent streets have maintained that the blockade would simply move traffic from East Campbell Avenue onto their streets.

Bill Wren, public works director, reported at Monday's meeting that the traffic study should be completed before the 90-day deadline set by the Council was up.

He did not indicate, however, if the study would result in a solution.

Ben Gullo gets gavel

Ben Gullo, a senior at Prospect High and newly-appointed to the Youth Advisory Commission, was named chairman for the year at the commission's organization meeting.

Becky Campos, who served as chairman last year has been appointed to the steering committee of the city's goals committee, was named vice-chairman.

At the City Council meeting Monday, the Youth Commission presented Councilman Rusty Hammer with a plaque and gavel in recognition of his service on the Youth Commission. Hammer served as chairman of the first Youth Commission formed in 1969.

Trustees to meet

Campbell Union (elementary) School District's new business manager, Dr. Orrin Bachelor, will attend his first trustees meeting in his official capacity this Thursday, January 11, in the district office at 7 p.m.

Bachelor, who took the place of C. E. Bradley, business manager for more than 20 years who retired at the end of last year, will be welcomed by Superintendent Jim D'Avis.

A short agenda faces the trustees for their first meeting of the year.

Editorial

Recruiting citizens

At the organizational meeting of the steering committee for the goals program of the City of Campbell, Steve Campbell, general manager of Kirkwood Plaza, was elected chairman and Bob Peck, principal of Campbell High School, vice-chairman.

The 22-member steering committee had been selected by the City Council and it represents citizens of the area who, in most cases, have participated in civic activities and thus by their actions have shown an interest in their community.

Although the City Council has initiated the goals program and has named the steering committee, the objective is to involve as many citizens as possible in this undertaking that could provide the guideline for the development of the kind of community that is desired by the people who make it up.

The City Council has emphasized that all interests of the city should be represented and that the advisory committee is to act as a channel in communication between the general public and the Council.

The role of the group is primarily one of discovering what the people say they want and then translating these wants into a set of compatible and consistent city goals.

It must be emphasized, however, that in no way will the goals committee detract from the authority of the City Council, for it is that body, and that body alone, which has the power through legislative action to achieve the goals.

On the other hand, the City Council to be effective must be cognizant of the needs and desires of the citizens.

One of the major achievements of the initial meeting of the citizens steering committee, aside from the election of officers, was the emphasis on the need for recruitment of interested citizens to serve on the advisory committee.

Each member of the steering committee agreed to contact and bring to the next meeting (Thursday, January 18) two additional citizens. This means that the main advisory group will consist then of the 22-member steering committee and at least 44 additional members.

There is no ceiling on the total membership. It need not be confined to 66 citizens, for the designated areas of concern are such that even 100 people can be absorbed in essential sub-committees.

Each member of the steering committee has been assigned to one of the three main areas of concern: (I) physical and economic development of the city; (II) intergovernmental relations and (III) city's responsibility for people-orientated programs and the "recruits" will also be asked to designate their interest. There will be 12 sub-committees (four in each of the main areas).

The same five-point criteria that was used in the selection of the steering committee will be used in the recruiting of citizens for the advisory body: (1) citizens who live in or have a financial investment in the city; (2) citizens currently serving on the city's advisory commissions; (3) citizens representing the commercial and industrial interests; (4) citizens representing the educational, religious and quasi-public institutions and (5) citizens representing geographic areas which are not adequately represented.

Members of the steering committee have now embarked on a serious recruitment program to get citizens involved in their city but, obviously, there will be those who have much to offer their community who will not be contacted.

We urge those who are interested in participating in this worthwhile program to contact the city hall or any member of the steering committee.

Those who would like to take part, but have not yet been contacted, can fill out this coupon:

(Continued from Page 1)

punch line? (Remember this was the Christmas season.)

After the game, when the people had returned home, they found that their house had been systematically burglarized room-by-room.

And this was still Christmastime.

-0-

ARE YOU ONE OF those people who can add and multiply off the top of your head correctly without wetting your pencil or getting the decimal point in the wrong spot?

If you are, forget it.

We are not talking to you.

Anyway in this column last week in reporting the $877.50 that was collected at the annual Kiwanians' Christmas "party" directed by the Rev. Ben Gould, our weakness in math was pretty glaring.

We reported that the Kiwanians at their annual "Benbash" had collected $140 per minute for the 60 minutes that Ben was manning the controls.

Some kindly (?) soul pointed out that $140 per minute for 60 minutes comes out to $8400.

And even Ben is not that good.

It should have read $14 per minute, of course.

It's terrific what difference a decimal point can make.

-0-

OBTAINING PROPER EVidence is a highly important objective of the police whenever they are called into action.

But sometimes, unfortunately, the evidence can backfire, and we are using the term loosely.

Like, for example, when the local gendarmes were called upon recently to investigate a "stink bomb" incident at one of the local theaters.

One of the bombs was found intact at the theater and the officer had placed it on the front seat of the patrol car to take back to headquarters.

In turning a corner on the way to the station, the bomb rolled off the seat and onto the floor.

And it went off.

Chief Don Burr reports that it took almost three days to get that car ridable again.

There is no question but that this incident provides an ideal launching pad for picturesque (?) descriptive meanderings.

So we won't try.

Just take potluck, if you will.

-0-

AT THE ORGANIZATION meeting of the 22-member steering committee for the goals program of the city, Steve Campbell, general manager of Kirkwood Plaza, was named chairman and Bob Peck, Campbell High principal, was elected vice-chairman.

They are excellent choices for the direction of this all-important civic group that will be expanded into a membership of 60 in an attempt to involve all segments of this community.

Each member of the steering committee is pledged to "recruit" two citizens for the group by the next meeting on January 18.

This is an opportunity for those of you who have always wanted to get involved with your city but didn't know how to go about it, to get into the act during the "recruitment" period.

But don't wait for the classic "we'll call you" bit.

Get in touch now on your own with any member of the steering committee or contact the city hall.

-0-

CHAIRMAN CAMPBELL is a personable young man who handled himself with poise at the organizational meeting.

We think he will provide the needed spark to get the goals committee rolling toward the goals.

Although Steve is no relation to the Campbell family who founded the town, we still like the idea of a "Campbell" spearheading the Campbell goals program.

And Bob Peck, as vice-chairman, should prove an invaluable aide.

As an old headline writer, wistfully we hoped Peggy Pack, a member of the steering committee, would be one of the officers of the goals group.

Just look what you could do with that:

PECK and PACK

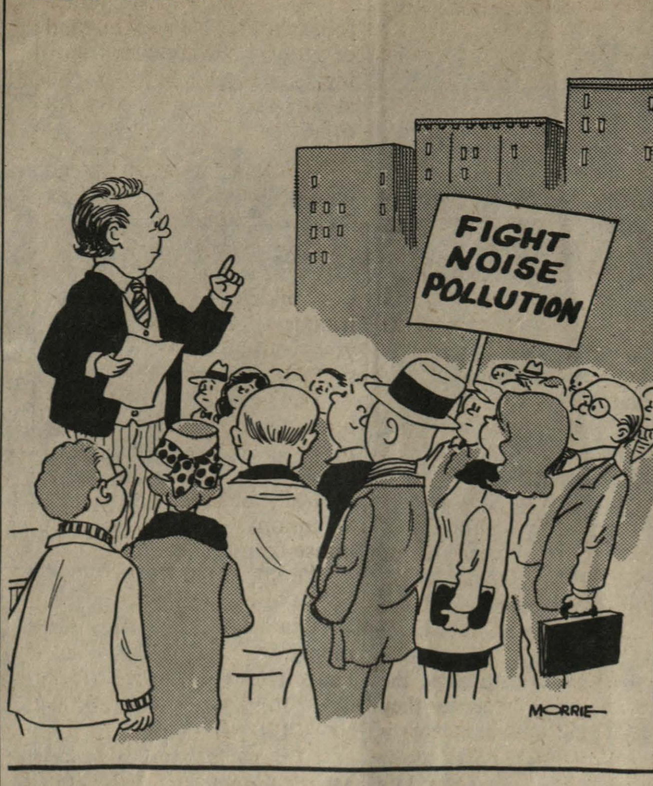
THAT CLASSIC POKER-playing dog picture that was run in The Press last week to tie in with the current hassle over a proposed dog kennel caused chuckles among the more irreverent, which includes us, of course.

It is one of our long-time favorites. It leaves a lot to the imagination.

ECO-LOGIC



FROM PREVIOUS YEAR

Campbell building permits drop $4 million in 1972

Although building permits issued in Campbell during 1972 showed a decline of $4 million from the previous year, 1972 was still the second best in the city's history, according to Wally Byron, building official.

In the 12 months of 1972, the city issued $14,354,085 in building permits. In record breaking 1971, the total was $18,439,839.

Permits in December totalled $170,569 as compared to December, 1971, of $60,618. A permit for a commercial building to Carpeteria, at 423 E. Hamilton, for $143,000 accounted for most of the month's business.

The biggest change in 1972, as compared to the previous year, was in the multiple category. The 1972 total was $5.5 million for eight permits while in 1971 there were 107 permits for multiples for $13.5 million, a decline of $8.3 million.

However, in both the commercial and single-family dwellings, 1972 was far ahead of the year before. In 1972, there were 18 permits for commercial buildings for $5.5 million while in 1971 there were 25 permits for $2.6 million, a gain in dollar value in 1972 of $2.8 million.

And in single-family dwelling units, the difference was even more pronounced. Whereas in 1971, there were only nine such permits for $174,388, there were 116 in 1972 for $2,639,920.

In 1971 no permits for duplexes were issued while in 1972 there were two for $61,598.

For the various other permits, alterations, demolition, swimming pools, signs, etc., the difference was slight between the two years.

CHP aims at young bike riders to stop accidents

California Highway Patrol Commissioner Walter Pudinski spelled out the CHP's answer to the spiraling bicycle accident problem recently - sharply increased enforcement aimed primarily at the age group which contributes most to the problem, riders 14 and under.

But the enforcement emphasis, which started in November, is designed to educate young riders, not penalize them, the Commissioner pointed out.

"A citation doesn't involve a judicial proceeding for youngsters up to 14. Instead, it triggers a letter to parents, advising them of the violation and seeking their assistance in alerting the youngster to the hazards of improper riding," the Commissioner said.

Bicycle violators in the 15 to 17 age bracket will be handled in similar fashion unless "in the officer's judgment adjudication should be required. Those 18 and over, who should be fully familiar with vehicle law, will be subject to the same enforcement action as motor vehicle drivers."

Pudinski stressed that the program is statewide in scope and that "every CHP Area will be operating on the same basis."

The concentrated bicycle enforcement program complements a massive CHP bike safety educational campaign which started this fall through schools, bicycle clubs and other organizations.

"We have increased our educational effort; the enforcement emphasis is designed to reinforce that. We hope to make it clear that the Patrol is genuinely concerned about bicycle accidents, and is taking appropriate steps to reduce them. We are confident this approach will gain parental support - in fact, we are seeking it."

Bike accidents jumped 34 percent last year over 1970, and 1972 statistics reveal a further climb. Approximately two-thirds of all bicycle accidents involve youngsters 14 and under, and in most cases the rider is at fault, the Commissioner said.

Commissioner Pudinski said that young riders who show a pattern of repetitive violations will be subject to review and possible legal action. "This is a last resort; we are looking at enforcement more as an extension of the educational process to assure that both young riders and parents become concerned with safe riding habits."

MORE ABOUT

Goals

(Continued from Page 1)

trict.

Peck, the vice-chairman, resides at 394 N. Milton, and has been principal of Campbell High School since September, 1969. Peck has been a director of the Chamber of Commerce for the past year.

For the convenience of those people who would like to participate in the goals program and may not be contacted by members of the steering committee, a coupon appears with the editorial in this issue. It can be filled out and submitted to the city hall by January 12 or to any member of the steering committee.

Serving with Campbell and Peck on the steering committee are Don Hebard, Edith Morley, Jeanette Watson, Becky Campos, Ed Fabbri, Irma Reese, Jim D'Avis, George Vierhus, Homer Hyde, Steve Goodman, Mike Kennedy, the Rev. W. H. (Ben) Gould, Dick Hardy, the Rev. Leonard W. Bose, Dan Knowles, Bob Bullard, Al Blaine, Holly Vollenweider, Peggy Pack, Masel Sheehan.

Cambrian seeks answers

Starting today, Wednesday (January 10), some 300 volunteer parents and teachers will conduct a house to house survey collecting information for a demographic study in the Cambrian School District.

The enumerators will have a limited number of non-personal questions to ask, according to school district officials.

Information will be kept confidential. The survey is headed by the population research unit of the State Department of Finance.

The enumerators have been trained by Alma Juchnik of the Department of Finance and the demographic study will be made by Jas. Orsburn of the State Department of Education.

All residences of the district are to be surveyed - single residences as well as apartment dwellers. There are approximately 8,600 dwelling units within the confines of the District.

Shrinking enrollments, district officials report, have caused concern and it is hoped that the extensive survey will provide valuable information.

Earlier this school year, the district learned that by using data based upon the last five years that in the next five years the enrollment would drop some 1,400 pupils.

The Board of Trustees has been concerned about closing a school facility and has directed Superintendent D. M. Bagby to make a study and a report on the situation.

The census will terminate on Monday, January 15.

PLANS FOR 1973

Happy New Year everyone! Now that 1973 has started and the end of the semester is close at hand, most of the Del Mar student body are busy studying like crazy for upcoming exams. (Don't take that seriously!)

Few activities are planned for this week, but I'm sure Del Mar will not waste time in preparing many exciting (?) events for the near future.

NUMBER ONE AGAIN

This year Del Mar is minus the Big Three--namely Paul Arace, Paul Drozdiak, and Ed Wehr. Both Paul Arace and Ed are attending West Valley while Paul Droz is at U.C. Davis.

But there is no despair at Del Mar. Our team is great again this year. The mighty Dons are keeping their first place record. The Dons have some great players again this year; Scott Russell, Mark Bruening, George Todd and Art Meade.

Both Scott and Mark were All Tourney in the Sunnyvale tournament. Mark was also All Tourney in the Buchser tournament.

Last year at both home and away games the Del Mar games were packed and a lot of people couldn't get in. It has been this way so far in all of this season's non-league games. So if you want to see a good basketball game and join in the spirit and fun, PLEASE COME! (Even if you don't go to Del Mar and be sure to come early so you can get a seat!) GO, FIGHT, WIN DEL MAR !!!

NEW QUEEN REIGNS

Del Mar's Christmas Queen and her court of four princesses were chosen by the students at Del Mar in December. The new queen is songgirl Jennifer Johnson. Many people were very happy to see her win. The Christmas princesses are: Marilyn Bacci, Janet DiBenedetto, Wendy Carter and Kim Edwards.

TYRO

First semester's "Tyro" will be coming out very soon. "Tyro" is a book written and published by the junior/senior creative writing classes at Del Mar. Any teacher or student of any grade may submit a short story, poem, essay, drawing or photograph to "Tyro". A person may enter as many of his creations as he wishes and in many cases more than one will be printed in the "Tyro".

"Tyro" comes out twice a year; once at the end of each semester. In the past the price has been 25-cents and it has always been worth it to me. So try it, you'll probably like it! (A LOT)

HERE COME THE BRIDES

Many people attending Del Mar or graduated from Del Mar are married or are engaged. Here are a few of them: MARRIED–Sheila Van Hooser '73 to Tom Schaeffer '72; ENGAGED–Kathy Maurer '73 to Jim Hildinger '71; Trisha Johnston '72 to Scott Turner '73; Helen Hoen '73 to Ron Johnson.

D.M.'S ROOM 222

It was snowing at Del Mar, but better yet it was snowing in a classroom.

The day was an average December day until snowballs started flying in one U.S. History class. Don Westbrook, Cameron Watt, Rich Hamilton, and John Asquith went out to the parking lot to a truck full of snow and brought a bunch of it back to the classroom. Shelley Herber says she was completely "drenched" and so were most of the other juniors.

David Paul was the target of many snowball "sharpshooters", so he got the worst of it--especially since he was trapped behind the teacher's desk.

THEY ARE DEAD

The plants for Del Mar graduations have finally died. (How sad!) The plants survived six long years and six graduations, but that is about all they could take. Student Council is planning to wait to buy new plants until after the $125 needed are donated or, better still, have the plants donated by a nursery.

ACTION COMES TO GIRLS' P. E.

Girls' P. E. classes are changing for the better at Del Mar. A variety of new and different courses are being offered to sophomore, junior and senior girls. Two of these new classes are archery and bike riding.

For the archery classes the girls and teacher go to a nearby archery shop or school to learn how to shoot with bows and arrows.

Girls in the bike riding class must bring their own bicycles to school. During the daytime they are locked up at the bike racks and at night and on weekends they are locked up in the girls' locker room. The girls and teacher ride off the school grounds in the nearby neighborhood.

These are two new, interesting and fun ways to get exercise and enjoy your P. E. class.

FROSH GIVE DANCE

On Friday, January 12, a dance will be given in the Del Mar cafetorium by the Del Mar freshmen. The dance will be immediately after the basketball games and will last until 11:30 p.m.

HAPPY BIRTHDAY,
SHARON -- JANUARY 24

Ways cited to break habit

Five ways to help break the smoking habit were proposed today by the state public health director, Dr. Frederick B. Hodges.

Noting that National Education Week on Smoking starts Sunday, January 7, Dr. Hodges said this year's approach by the National Interagency Council on Smoking and Health is to accent the positive.

"There are five things you can do about smoking," he said.

Smoke less.

Choose a lower tar and nicotine cigarette.

Respect the rights of non-smokers.

Help young people not to start smoking.

Find "your" way to quit."

It's likely the smoker who quits will receive immediate health benefits, Dr. Hodges said.

"That chronic cough will go away, food will taste better and you'll have fewer colds."

He added that the risk of having a heart attack, lung cancer, chronic bronchitis and emphysema will be reduced by taking positive action against smoking.

According to federal public health service reports, 29 million Americans have given up the habit since the U.S. Surgeon General's 1964 report on the health hazards of smoking.

Dr. Hodges, who is a child health specialist, does not smoke.

It takes more than Mother Love

Birth Defects are forever ...unless you help. March of Dimes

Westmont Open Mouth

PAUL & MS. MAUREEN
(Macierz) (Hillyard)

Paul: Maureen! Hey Roonie! Wake up! It's second period already.

Ms.: Mmf, gnordish, mglmf, umble....

Paul: Boy, you've really got it bad. It's the worst case I've ever seen for this early in the year.

Ms.: Mumble, huh, rrgling, blaahh....

Paul: And it's not even spring.

BESIDES THE HAUNTED HOUSE...

Westmont's newest and largest club off campus is Campus Life, with a membership of 110 students.

Craig Sturgess is the director of Westmont's club and explained the purpose of this successful club.

"Campus Life stresses the balanced life philosophy. There are four main areas of life: physical, mental, social, and spiritual. All four of these must be balanced to have a balanced life. Campus Life has chosen to emphasize the spiritual area because they have found that this area is the most neglected area of the student's life. Campus Life also includes the other three as well."

Campus Life meetings are held once a week at student's homes; for information on when and where call 295-3522.

GOODBYE JACKIE

You want to sit down? We want to tell you something. Do you remember Jackie Paulson?

We've known him since fourth grade. He was the kind of guy who was always smiling, and quiet--but he had about him a strong love for others.

We went through grade school, passed two years in junior high, then high school.

And we grew apart....

Even though he lived on your block, he had his own friends, you had yours, but you could always walk up, say hi and feel good.

You could hear him in band playing french horn. He played very well, but didn't brag. He just excelled.

Well, he's left the band, Westmont, and the second house from the corner.

We hope is he happy.

We know we miss him.

You see, Jackie died last month.

Paul: This is a very bad case. I'd better do something. I'll bet Sybil is behind this--Get Sybil!

Ms.: Ohmygod!! No! Don't call Sybil!

Paul: That woke you up didn't it? I can't...Sybil's on a token ethnic crusade where the Hymalayan mountains....

UPCOMING EVENTS, NEWS, & GOSSIP

Due to technical difficulties we have been unable to pick up our mail by press time. So if you haven't written us a letter, please do so. You've still got time.

Bill Christiansen--now that you're up and around, hope you'll stay that way.

Where is Pat Safford?

Ed. Note:...running around taking silly pictures of birds and kittens.

Westmont is having a rock concert January 25. Guest performer is--guess who. Write us a letter and we'll tell you.

Get well soon, Mrs. Korbanski, and come home to Westmont. We miss you.

Trina, Teri, and Teresa--it was fun taking you around And senior, junior, eighth grader--you can tell everyone in Richmond, Utah, you met genuine California weirdos.

Is MIKE LINDSEY of Cougar's Corner really a midget who writes his column by tap dancing across the typewriter to "Fascinating Rhythm"?

Ms.: Don't bother me! I'm fed up with school. Go away!

Paul: Yep, you've got senioritis.

Ms.: What are you talking about?

Paul: Senioritis attacks healthy, normal, American seniors at any time between December and June. The symptoms are extreme. Extreme boredom, laziness, dislike for school; generally induces excessive cutting.

Ms.: Thank you, Doctor Macierz. Now it's your turn to be quiet.

JOCK TALK

After two tournaments and an equal number of pre-season games, Westmont's dribbling basketballers have started league play. The top varsity hoopsters are Brian Howell, Andy Lund, Brad Baldinger, and Tim McNulty.

Paul: Where's Maureen?

NOTE: I've gone to the beach. be back later. Ms.

CUTE FACES

Here it is our 12th column and you still have no ideas as to our physical characteristics. All the other columnists have their well-scrubbed faces beaming at you weekly, but when you get to the "Open Mouth"--where is it?

No, we aren't a literary cockroach and an amorous alley cat. We're for real. Yes, Virginia, there is a Paul and Maureen.

Next week, we will calm all your doubts, erase all your fears, take off the black veil of mystery.

Next week our pictures will be in the column.

Do you think you can hold up until then?

Ms.: What a day, ~~the~~ beach was fantastic. The water and the sand makes you forget everything; the crashing waves....

EGO CORNER

Ego Corner is slipped to the Campbell Press this week, in the hopes that if we butter them up--they'll put up with us--maybe--until the end of the year.

Ms.: After that beach trip I think I can face school again....what happened while I was gone?.... WAKE UP!

Paul: Mumble, rumble, ungle, blgacklmnnn..go away...

Ms.: Okay, I'll go away, but first I just want to wish you a very happy birthday. I know it's late, but now you're eighteen--as of January 2-- and I just want to ask you one thing now that you're all growed up, and have a mature outlook on life--does the fact that Gloria Steinem is 38 tend to make you agree with your father's opinion of her?

Book talk on freedom

West Valley College's January book talk will deal with freedom and the way it is currently being taken away.

B. F. Skinner's book, "Beyond Freedom and Dignity," will be under discussion January 10 at 12:15 p.m. in the Ranganathan room of the Saratoga campus library.

Psychology instructor Sandra Ladd will lead the discussion. Residents of the community are cordially invited to attend.

HERE'S WHAT DISCOUNT WITH A DIFFERENCE MEANS

Our *Discount with a Difference* program offers money-saving prices on the wide variety of high quality meats, produce and other foods which helped to build Safeway's reputation.

When we converted to discount, we made sweeping changes in operating methods. These changes, which included new pricing methods and the elimination of unnecessary merchandising expenses, reduced our cost of doing business. Our savings were immediately reflected in substantial price reductions. We introduced our every day low level prices which helped to make the discount program so popular and effective. With low prices in effect all week long, there was no longer need to postpone shopping until the week end. Low level prices gave our customers added incentive to buy from us *all* of their food needs. With shopping spread more uniformly throughout the week and throughout the store, our whole business became more efficient. We streamlined ordering, stocking and price marking. We increased checkstand efficiency and lessened the possibility of errors at check out.

Savings in our costs of doing business continue to be reflected in the prices of things we sell. Shop Safeway for the finest foods and a low total food bill. That's *Discount with a Difference*.

College to offer course on selling manuscripts

An advanced course on creating and selling manuscripts for publication will be offered at West Valley College beginning February 20.

The class will be held on 10 Tuesday evenings from 7-10 p.m.

The class is designed for students who have had basic instruction in creating for publication. The aim of the class is to refine students' writing skills and themes for selective market consumption.

Sherman Grant will instruct the course. Grant has been selling his writings on a free-lance basis for more than 20 years. He is still creating fiction as well as news releases, brochures and public relations pieces in addition to teaching writing at the community college level.

Those interested in enrolling in the course should register in the college's Community Services office, 44 E. Latimer Ave., Campbell, room L-26. Further information may be obtained by calling that office at 379-1733.

WVC board names director of learning resources

West Valley College's governing board completed the administrative reorganizational plan it adopted last spring with the appointment Thursday evening of Dr. Mary E. Jensen to the post of director of learning resources.

Dr. Jensen's appointment becomes effective February 19 at an annual salary of $22,728.

For the past 18 months, Dr. Jensen has served as coordinator of instructional development at Santa Ana College within the Rancho Santiago Community College District. In this post she has served as a college representative to the consortium for community college television and as a member of a statewide committee involved in the development of programs for handicapped students.

She further has had the responsibility for assisting faculty to develop courses, instruction techniques and evaluation methods.

She holds a B.S.N. degree in nursing from Hamline University; a master's degree in curriculum and teaching from Teachers College, Columbia University; and an Ed.D. in higher education, with emphasis on the community college, from the University of California at Los Angeles.

Prior to her present employment, Dr. Jensen was associate project director in the Allied Health Professions Research and Instruction project at the University of California, Los Angeles.

In addition, she served for three years as chairman of the division of health-related activities, Oakland Community College, Michigan; two years as coordinator of nursing education, Meramec Community College, St. Louis, Mo.; and three years as nursing instructor at St. Olaf College, Northfield, Minn.

During the past summer she coordinated the activities of 36 faculty members on 22 separate projects, which included a bilingual clerical-secretarial program; revision of developmental English and mathematics; programs in pharmacy technology and human service work; physical anthropology and biology laboratory experiences; intercultural awareness and ethnic studies; and English as a second language.

State income taxpayers could get refund checks

For the first time, California wage earners have had all or a portion of their State income tax withheld from their wages. This could result in as many as 5 million taxpayers receiving State income tax refund checks this year, according to Houston I. Flournoy, State Controller and Chairman of the Franchise Tax Board.

State income tax refunds will be processed in the same manner as Federal Internal Revenue Service refunds, he pointed out. "If a return shows an overpayment of tax and the taxpayer has checked the box on the face of the return that indicates he wishes it refunded, the process will be automatic," said Flournoy.

Flournoy suggested that taxpayers prepare and file their returns early and offered the following suggestions to those who would like to receive their refund checks as early as possible. "Prepare your return carefully and use the pre-addressed label sent with the tax booklets. Check your social security number for accuracy and be sure and sign your return," he said.

Refund returns should be mailed to Post Office 13-540, Sacramento, Calif. 95813.

Police speak at meeting

A joint meeting of the Campbell and Cambrian Park Business and Professional Women's Clubs will be held on Wednesday, January 17, 1973, in the Campbell Police Department, 75 North Central Ave.

The meeting will begin at 7:30 p.m. and Sgt. Don Dore' of the Police Department will show films and various types of lock devices for use in "Protecting Homes Against Burglary."

This meeting will be open to the public on a "first-come first-seated" basis, as long as there is available room.

GETTING SET--John Branton of 816 Marilyn Dr., Campbell, is getting in practice for January 21, as he is loaded up with money bags by Patti Wozadlo, county chairman for the Mothers' March against birth defects. Branton is president of the San Jose Junior Chamber of Commerce, which has volunteered to provide collectors to pick up bags of money from Mothers' Marchers. JayCees in Campbell will also be collectors, under the leadership of Mike Kennedy.

West Valley College hits tenth birthday on Monday

West Valley College celebrated its 10th birthday Monday (January 8).

It was January 8, 1963 when residents of the district voted its formation into being, according to Supt. James P. Hardy.

Thursday evening Hardy recounted the many hours of work put forth by three of West Valley's current board members towards formation of the district.

Robert Brydon was a member of the County Committee on School District Organization, William Cilker was a member of the Los Gatos Union High School District, and Mrs. Mildred Wharton was an active citizen working towards formation of the district.

Hardy noted that following 13 meetings from November of 1961 until July 16, 1962, Santa Clara County was the first county in the state to propose a master plan for higher education encompassing the entire county.

Following a hearing by the State Board of Education in September of 1962, an election was called for on January 8, 1963, at which time residents voted for formation of the West Valley College Community College District.

In other matters Thursday evening the governing board:

APPROVED the college's organization chart with some revisions since its first adoption last spring.

AUTHORIZED the application for extended opportunity programs and services funds (EOPS) for 1973-74. This is the third consecutive year the college has applied for such funds.

APPROVED a contract to conduct a workshop in cooperation with the Chancellor's Office of the California Community Colleges for educators who train paraprofessionals.

APPROVED contracts with the County of Santa Clara for communications answering and dispatching services for the college police force on a 24-hour-a-day, seven-day week basis.

AUTHORIZED the superintendent to bid and/or quote furniture and equipment for the business education-student personnel-administration building nearing completion on the Saratoga campus.

AUTHORIZED the superintendent to enter into a contract for removal of dead or diseased, non-producing fruit trees on the Mission campus site in Santa Clara.

Students to pick up old discarded trees

Earth-minded West Valley College students are collecting discarded Christmas trees to grind into composite to be deposited in Saratoga's newly-established biodynamic garden and farm.

According to student spokesman Rick Stamm, 921 Jean Dr., the group is also requesting a 50-cent donation from those wishing their trees picked up to cover the cost of renting the grinder.

For pick-up service residents can call 241-0508 or 379-4541.

College plans field, lab course in archaeology

A course in field and laboratory procedures in archaeology will be offered by West Valley College during the spring semester.

The course will be held on Saturdays from 9 a.m. to 2 p.m.

The course will emphasize four aspects of archaeology, according to Linda King, instructor. They are: (1) the study of archaeology as anthropology, its theories, methods and approaches to the study of past cultures through physical remains left in the earth; (2) a program of intensive search for archaeological sites in Santa Clara Valley and the techniques for recording these sites;

(3) laboratory activities, including identification of artifacts, preparation of artifacts for storage and display, illustration, and the interpretation of analysis of artifacts; and (4) study of historic records of Califonria Indians in this region.

Excavation and visits to archaeological projects will take place as will a field trip to San Francisco to attend the annual meeting of the Society for American Archaeology and the Society for California Archaeology.

Interested students, both day and evening, who have not already completed application forms for registration, must do so immediately through the Admissions and Records office at the Campbell campus since the deadline for filing an application has been extended.

Further information on registration procedures may be obtained by calling Admissions and Records at 379-1733.

Thirty guests gather for Warren's anniversary party

A surprise silver wedding anniversary party was held recently for Ethel and Jack Warren of Campbell.

Arranged by their children, Jack, 21, and Cindy, 17, the party took place in their 216 Radford Dr. home.

Mr. and Mrs. Louis Womack of San Rafael, parents of Mrs. Warren, took the couple to dinner that evening and when they returned, over 30 guests were waiting.

The couple was married in San Rafael January 4, 1948. They have been Campbell residents for the past 14 years. Louis is a superintendent with Paul Mackin Masonery. Ethel is a homemaker.

The party featured a champagne buffet, gifts of silver and a silver money tree.

Several days after the party the Warrens left on a two-week trip to Hawaii. Their children accompanied them.

Among guests were Mr. and Mrs. Wayne O'Neil of Walnut creek (he served as best man at the couple's wedding). Other couples attending were Mr. and Mrs. Dennis Killen, Mr. and Mrs. Bill Christie, Mr. and Mrs. Moe Garay, Mr. and Mrs. Gordon Vestnys, Mr. and Mrs. Earl Carmichael, Mr. and Mrs. Charles Roy, Mr. and Mrs. Dick Wesendunk, Mr. and Mrs. Al Hull, Mr. and Mrs. Joe Herbner, Mr. and Mrs. Art Ingram, Mr. and Mrs. Park Wisdom, Mr. and Mrs. Paul Mackin, Mr. and Mrs. Lawrence Giraudo, Jamie Wheelehan and Jeff Mason.

Jazz concert features Bagby

Hank Bagby and his Jazz Movers will be featured at a fund-raising concert on Friday, January 19, at West Valley College auditorium beginning at 8 p.m.

According to Jim Stratton, local representative for Stronghold West, Inc., the non-profit corporation will use funds raised here to carry on their counseling and job placement service now being offered to detention center inmates and parolees in Southern California. Stratton says plans are under way to institute a similar program in Northern California.

Musical opens this Friday

Three Campbell residents are among cast members in "Promises, Promises," opening this Friday evening at the Old Town Theatre in Los Gatos. Curtain time is 8:30 p.m.

Performed by Centerplayers-at-Old Town, the award-winning musical will be presented for four weekend-runs through February 3.

Steve Warburton, Judy Crum and Bill Schade from Campbell are included in the 35 actors, singers and dancers spotlighted in the musical.

Tom Ribordy and John Gunn are the producers-directors.

Ticket prices are $3 for adults, $2.50 for students and $1.50 for children. Group rates are available.

For further information and reservations call 354-8415.

HURRY! Only three more issues of FREE Buy or Sell Ads. See the classified page for details. It's FREE!

Theater seeks local singers

Several adult parts and a large number of children's parts are now open for the upcoming production of "Heidi," the latest offering of the Campbell Civic Actors Seminar Theater. The musical will be performed in late April.

Auditions for the parts will be held on Monday, Tuesday and Wednesday, January 15, 16 and 17 beginning at 3:15 p.m. in Bennett Hall at the Congregational Church of Campbell. The church is located at 400 W. Campbell Ave.

Two tenors, two sopranos and one alto are being sought for the production, in addition to one female and two non-singing parts. Several youth lead parts and a large children's chorus will be needed.

Audition appointments for adults may be made by calling 377-8969.

An accompanist will be provided but those auditioning are requested to bring their own music.

Rebekah Lodge installs at IOOF hall

Ada Rebekah Lodge 223 of Campbell will install new officers on Tuesday, January 16, 8 p.m. at the I.O.O.F. Hall, 276 E. Campbell Ave.

Eunice Ellett, District Deputy President of District 3, and staff of Philotesian Rebekah Lodge 145, Cupertino, will conduct the ceremony.

The lodge says "thank you" at this meeting to retiring Noble Grand Mrs. Violet Pierce, under whose direction they flourished in 1972 when they initiated 25 new members.

The new officers to be installed are: Mrs. Leona Kirby, Noble Grand; Mrs. Shirley Frost, Vice Grand; Genevieve Stanton, recording secretary; Ruth Zimmer, financial secretary, and Grace Gardner, treasurer.

The new appointed officers are: Warden, Mrs. Mable Dill; Conductor, Mrs. Mary Cavin; Chaplain, Mrs. Dubois Rhine; Color Bearer, Ruth Nelson; Right and Left Supporter of the Noble Grand, Mrs. Ora Lowe and Mrs. Fred Stacker; Right and Left Supporter of the Vice Grand, Helen Rice and Naomi Farley; Altar Bearers, Ruth Jamison, Jewel Hudson, Winnie Lavine and Miriam Dardanelle; Outside Guardian. Blanche Gilpatrick and Inside Guardian, Terry Hudson.

Try-outs set for chorus

The San Jose Chorus will hold auditions for new singers on Friday, January 12 at 1771 Graves Ave., San Jose, from 7 to 9 p.m.

Requirements for membership in the chorus are the ability to carry a melodic line, an acceptable singing voice and the enthusiasm to work toward a finished performance. For further information call 377-3843.

Local Scene

GOOD WILL

The Campbell JayCees and JayCettes, in a joint good will project, delivered 10 food baskets to needy families for the Christmas holidays.

JUST FOR FUN

The Yours Just For Fun Club, a senior citizens dance group, will have a potluck supper and dance Saturday, January 13, at the Grange Hall. The dance will have a Hawaiian theme with music provided by Ray's Rhythm Rascals of Santa Clara, a senior citizen combo.

ORCHARD CITY GRANGE

Officers of Orchard City Grange 333 were installed last night at the Grange Hall, 109 N. First St.

NEW THESPIAN GROUP AUDITIONS

Uncle "M's" Comedia, a newly-formed Campbell theatrical group, will be holding open auditions for their upcoming production of Beaumarchais' "The Barber of Seville," on January 15, 16 and 17, at 7:30 p.m. in the Gaslighter Theater, 400 E. Campbell Ave., in Campbell.

For further information call 967-4481, after 6 p.m.

CHRISTIAN BUSINESS WOMEN

The Peninsula Christian Business and Professional Women extend an invitation to attend their January meeting and bring a friend.

The Monday, January 15 meeting is set for 7:30 p.m. at the Menu Tree, Bird's Attic, in the San Antonio Shopping Center in Mountain View.

For more information you may call 328-2952 or 245-3452.

DAKOTA CLUB

A potluck dinner, entertainment and games featured the Monday meeting of the Dakotas at the Stone Church in San Jose.

CAMPBELL O.E.S.

Campbell Chapter 553, O.E.S. will have a stated meeting for Renewal of Obligation on Friday, January 12, at 8 p.m. in the IOOF Hall.

Worthy Matron Topsy Thompson and Worthy Patron Ray Thompson will preside.

Female status studied here

A follow-up meeting to determine feasibility of establishing a Santa Clara County Commission on the Status of Women will be held on January 14, 1973, 10:00 a.m. in the YWCA, Second Street and East San Antonio, San Jose.

The purpose of this meeting is to set up working committees and task groups.

Reservations are requested and may be made with Adrianne Kwong, 273 Mark Twain Ct., Santa Clara.

"Evening with Mort Sahl" takes place Jan. 17 at WVC

Only a few tickets remain available for "An Evening With Mort Sahl," slated for presentation at West Valley College January 17 at 8 p.m.

Tickets may be obtained in the college's Community Services office, 44 E. Latimer Ave., Campbell, room L-26, telephone 379-1733.

The "enfant terrible" of the early 1960's, Sahl will bring his special brand of humor and satire to the college that evening. This is the last event in the college's fall cultural series, sponsored by Community Services.

Sahl has been a guest on 32 network TV talk shows during the past year; guested recently on ABC's late night show, the Comedy News Hour; was interviewed in Playboy magazine; and is working on the first part of his autobiography.

Starting with his phenomenal success in the 1950's at San Francisco's famed supper club, the hungry i, Sahl rapidly climbed to the top, bringing to political humor the freshness and bite it had not had since Will Rogers.

He has been described as "a sort of one man loyal opposition to everything that smacks of the establishment."

Sahl will appear in the Campbell campus auditorium, corner of Winchester Blvd. and Campbell Avenue.

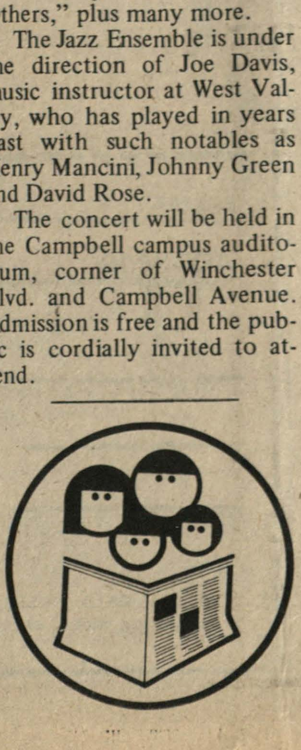
Jazz group to present conceft

The Community Jazz Ensemble, sponsored by West Valley College, will present its second winter concert January 16 at 8:15 p.m.

Highlights of the program include Stan Kenton's "Malaguena" and "Hank's Opener," Clare Fischer's "Miles Behind," Buddy Rich's "Love and Peace," "Goodbye Yesterday," Don Ellis' "Thetis," and Woody Herman's "Four Others," plus many more.

The Jazz Ensemble is under the direction of Joe Davis, music instructor at West Valley, who has played in years past with such notables as Henry Mancini, Johnny Green and David Rose.

The concert will be held in the Campbell campus auditorium, corner of Winchester Blvd. and Campbell Avenue. Admission is free and the public is cordially invited to attend.



Garden Club will meet

Dig 'n' Dream Garden Club will meet on Wednesday, January 17, at 10 a.m. at the home of Mrs. Ellen Lanphear, 920 Sweetbriar Dr., Campbell.

Program on flower arranging will be given by Mrs. Charles Schrage, amateur master arranger. Potluck luncheon will follow, with Mrs. Dominick Celano acting as co-hostess.

Epilepsy talk is scheduled

"Causes and Treatment of Epilepsy," is the topic of a talk scheduled for Thursday, January 25, at 8 p.m. at the San Jose City Library.

Dr. Robert L. Weinmann will speak at the meeting sponsored by the Santa Clara County Epilepsy Society.

The doctor, a graduate of Yale University, is in private practice in San Jose in the field of Neurological Medicine.

The meeting is open to the public and is offered free of charge by the society.

Methodist women hold lunch to aid families

Needy Campbell families will again be aided by proceeds of a fund-raising luncheon planned for Tuesday, January 23 at the First United Methodist Church of Campbell.

The Ladies Luncheon League, sponsored by the Women's Society of Christian Service at the Campbell church, is planning the event which will feature prizes in addition to the noon luncheon.

For the past two years the group's aid program, called HASTEN (Home Aid Service To Emergency Needs) has provided local families with food baskets and clothing to carry them through immediate emergencies. The average basket contains a four-day supply of food.

Referrals are made through the county welfare department. Last year about 30 Campbell families were aided through the program.

Reservations for the luncheon must be made by Thursday, January 18. They can be made by calling Georgia Lietz at 241-1650 or the church office, 378-3472. Tickets are $1.50.

Noted soprano appears locally

Mary Costa, the undisputed glamour ~~girl~~ ~~of~~ American Sopranos, will be featured with Maestro George Cleve and the San Jose Symphony Orchestra in concert on Saturday evening, January 20, at 8:30 p.m. The event is sponsored by the Women's Auxiliary of the San Jose Symphony Association.

Canteloube's beautiful "Songs From the Auvergne" will be presented by Miss Costa in the January program. She will also sing Rossini's delightful aria "Una voce poca fa" from the Barber of Seville, Dvorak's haunting aria "Song to the Moon" from Rusalka and the exhuberant aria "Ernani, Involami" from Verdi's Ernani.

Miss Costa, whose career began in California, has an impressive professional career that began in the mid-50's as the voice for Walt Disney's animated production of Sleeping Beauty. Under the management of impressario Sol Hurok for the past 10 years, she has sung with nearly every major symphony orchestra opera company in the United States, and has been featured on several international tours, including a performance of Traviata with the Bolshoi Opera Company that was extended by demand of Moscow audiences.

Tickets for the January 20 performance at the San Jose Civic Auditorium are still available at San Jose Box Office, all Macy's Peninsula Box Office, Downtown Center Box Office in San Francisco and at Neil Thramm's in Oakland.

Sacramento is wedding setting

Betty Piper became the bride of Campbell Fire Chief Gene Borden Saturday, December 30 in an afternoon ceremony at the Cameron Park Inn, Sacramento.

Among the many family and friends toasting the newlyweds at the reception held at Sam's Stage Coach Inn were Bill Podgorsek, mayor of Campbell and Councilman Rusty Hammer, both of whom served as witnesses in the ceremony.

Betty, who is active in community life, is to be installed as a member of the board of directors of the Campbell Chamber of Commerce this month. Gene has served the Campbell Fire Department for 12 years and was appointed fire chief in July.

The couple honeymooned at Lake Tahoe.

Travel plans announced

First 1973 one-day tour for Y's Travelers, the San Jose YWCA sponsored travel group for men and women, will be to Watsonville and Salinas with orchids and jams as items of interest.

January 31 is the travel day, according to Doris Harrod, YW associate executive director. Sight-seeing stops will be at McLellan's Orchid Farm in Watsonville and at Smuckers' in Salinas. Departure time is 9 a.m., with return about 5 p.m. by bus.

Y's Travelers trips are open to non-YWCA members; some welcome children as participants. For information, contact the San Jose YWCA, 210 S. Second St., 292-1075.

NDGW hold fund-raising luncheon

A luncheon and raffle sponsored by the Native Daughters of the Golden West Parlor No. 81 will be held Saturday, January 13, at noon at the Good Shepherd Lutheran Church, 1550 Meridian Ave. The lunch will be served by the Ladies Luncheon League. Donation is $1.25. For reservations call Mrs. John J. Coughlin, 248-8795.

Proceeds from the event will go into the general treasury to sponsor the many activities of the group.

The Native Daughters are one of the historical societies that are responsible for the El Camino Mission Bells that mark the Mission trail. Their Parlors have also been responsible for the restoration of the Soledad Mission.

Parlor 81 each year holds an art contest for students in grades 10, 11 and 12 with a $25 prize given for the best historical painting.

Church holds hobby show

A family Art, Hobby and Craft Show is planned by the Congregational Church of Campbell this Sunday, January 14, following the regular worship service.

In addition, the church deacons are hosting a home-cooked chicken dinner beginning at the church hall at 12 noon.

The church is located at 400 W. Campbell Ave.

New mothers are invited

New and expectant mothers are invited to attend the Tuesday, January 16, meeting of the San Jose West Chapter of La Leche League International.

The meeting will be held at 7:45 p.m. in the home of Marilyn Beck, 1655 Hyacinth Ave., San Jose.

"The Advantages of Breast-feeding to Mother and Baby," is the topic of this first in a series of meetings sponsored by the league.

The chapter maintains a lending library on childbirth, breast-feeding and child rearing. For information call 264-9597 or 263-6686.

HE TAUGHT THE WORLD A NEW WAY TO SEE.

LEONARDO DA VINCI: ARTIST, INVENTOR, SCIENTIST, ENGINEER.

Over 400 years ago, he built a flying machine. And painted the Mona Lisa.

He studied the structure of nature and of man—and through his art and his science, he taught the world a new way to see.

Tonight, spend an hour with this inquisitive genius—and with Sir John Gielgud, your host for the fascinating film "Leonardo: To Know How To See."

Speaking of taxes

by Pat Safford, vice-president of the Northern California Assn. of Enrolled Agents

Readers' comments and questions are welcomed. Those of general interest will be covered in "Speaking of Taxes." Address your letters to: **Speaking of Taxes, P. O. Box 158, Campbell, Ca. 95008**

LAST YEAR I HAD MORE STATE INCOME TAX TAKEN OUT THAN I WILL OWE. HOW DO I GET IT BACK?

You'll file your state income tax form 540 and claim your refund just as you have been doing on your federal return. That extra copy of your W-2 statement, marked "State Copy", must be attached to your return in order to claim the proper credit for taxes withheld.

YOU MUST FILE TO GET YOUR REFUND

Those not required to file, because they did not make over the minimum filing requirements, must still file if they wish to get their overpayment of taxes returned (and you DO, of course).

NEW STATE TAX CREDIT

For the first time this year you can file a form with your state income tax to obtain a credit or refund of overpayment of state disability insurance (SDI). Prior to this year you were required to file a separate form with the Department of Human Resources Development and received a separate check when more than $72 was withheld for SDI.

For 1972 the maximum withheld has been increased to $80. When you worked for more than one employer during the year, and earned gross wages of over $8,000 you may well have an overpayment to claim.

SDI is deducted at the rate of 1% of gross earnings. For example, if you earned $11,000 last year working for two employers who made SDI deductions you would have a $30 refund coming.

If you have more than $80 withheld for SDI from the same employer, however, or worked for a company which changed hands during 1972, you'll have to claim your refund directly from your employer.

HOW FAST CAN I GET MY REFUND?

It varies. During late January and early February it has been possible to get a refund, on a simple return, in about two weeks. With the opening of the new Fresno Service Center last year things were a little slower (new personnel?) but should be up to the old standards this year. By later March refund checks take about four weeks and with late filers, April 10 or later, six to eight weeks is usual.

The quickest refund I've known is that of a young student who filed on January 20, 1971 and received his check eight days later...from Ogden, Utah! If you know of any speedier than that let me know.

State refunds are another matter. In my experience the state is usually substantially slower than the federal in processing claims and answering written queries. Whether this holds true of refund checks remains to be seen.

STATE DIFFERENCES FOR 1972

1. They make no new provisions for child care and household help as the IRS has done. (This new deduction will be covered in a later column.)

2. Political contributions remain as last year and no tax credit provisions are made.

3. Capital gains taxation have been changed substantially. The rates are now 50-60 and 100 per cent includable in gross income depending upon how long they are held. According to local District Director M. C. Johnson, the state legislature passed these new capital gains provisions in anticipation of federal changes of a similar nature.

The federal changes did not go through the legislature. The state changes did.

JANUARY 10:

On this date in 1956, the first U.S.-built liquid-fueled rocket engine, with a thrust in excess of 400,000 pounds, was fired for the first time at Santa Susana, Calif.

Cub Scouts

PACK 330

Den One

by Rick Dougherty

Some of us were lucky enough to go to a Christmas Circus on December 10. Mr. Winter was able to get special tickets from Lockheed for us to go. They had many acts. I liked the bears best.

by David Mercer

Most of our boys marched in the Los Gatos parade. What I liked about the parade was that it was fun practicing and doing it.

We worked very hard to be in the parade but after that we went and had even more fun at the Straw Hat Pizza Parlor. I hope we do this again next year.

After-school sports shoots for important goals

TAKING AIM--Three junior high students take aim at the target. Archery is one of five Lifetime Sports activities being offered by Campbell Union (elementary) School District this year. From left, Gail Golobic, Tina Prescott and Ed Dubbs, all in eighth grade at Rolling Hills School practice their archery form.

Orthopedist criticizes emphasis put on pitching

by Pat Safford

This is the second in a series of articles dealing with the youth sports programs in Campbell. Future articles will explore the high school program.

Our final question: "Of all aspects concerning juvenile sports, what is your prime area of concern and/or criticism," drew the following response.

"Little league," Dr. Martin Trieb replied.

"I feel there is too much emphasis on pitching to the point that if a team has a good pitcher many of the fielders don't even get a chance to play." Dr. Trieb is chairman of the local medical society's Medical Aspects of Sports Committee and is in private practice in the field of orthopedic surgery.

"Sports should be fun," he continued, "I feel that if the idea of some managers and coaches is to make these youngsters into big league ball pitchers, it's wrong." They should be having fun and learning skills," he said.

INJURIES

"There is no doubt," said the doctor, "that this emphasis on pitching (overhand) has resulted in shoulder and elbow injuries, some permanent."

The little guy who has his training started at five, he continued, with the idea that he'll become a great pitching star (in the big leagues) is the one most likely to be burned out. "He often cannot even continue play into his college year," he concluded.

MEDICAL GUIDELINES

While there are currently restrictions on the number of innings a Little League pitcher is allowed to pitch, Dr. Trieb related, those hours don't consider training before and after the season, year-round.

"We don't want to do away with Little League," Dr. Trieb continued, "but there should be strict medical guidelines regarding elbow and shoulder injuries." When there is permanent pain in either the elbow or shoulder, he said, the boy should stop pitching immediately and see his doctor.

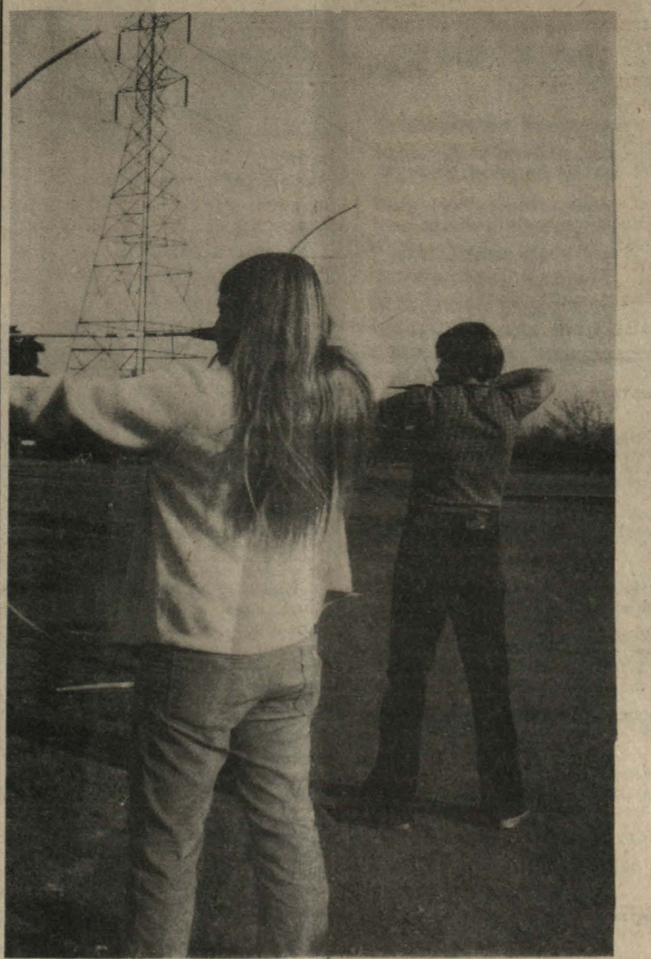
SPORTS SYMPOSIUM

Each year the local medical society committee conducts a "Sports-Medicine" symposium. Coaches, trainers and district nurses are invited to attend. "I have been very disappointed at the turnout," Dr. Trieb said. "Roughly 25% of those you'd expect to be interested actually attend."

Such areas as prevention and treatment of accidental injuries are discussed. Up until this year only high school and junior college personnel have been invited. The April 1973 symposium will see junior high school personnel and representatives from organized youth sports invited as well.

Any other interested individuals, not specifically invited, are welcome to attend, Dr. Trieb said. To get on the current mailing list they can call the committee secretary, Suzy Finkland, at 286-5050.

Next: Little League Answers.



LIFETIME SPORT--Tina Prescott and Ed Dubbs, eighth graders at Rolling Hills School, are learning the use of the bow and arrow as part of the elementary school district's Lifetime Sports Program.

All children take part in program

Local junior high school sports programs emphasize the participation of all children, regardless of their skill, according to Bob Edwards. Edwards is chairman of the physical education department at Rolling Hills School, one of the five junior high schools in the Campbell Union (elementary) School District.

"I don't want a kid to go out there to NOT win," explained Edwards, "but I don't want them to feel they MUST win at all costs.

"Some coaches (in other organized sports) put too much pressure on the kids for a perfect performance," he continued, "but I feel that the only way for them to learn is by making mistakes."

NO MAJOR INJURIES

"In the past four years I can't think of any major injuries," said Edwards of his school, "other than one broken finger during one after-school event (flag-football)."

The problem of keeping a player out of the game when he wants to play is something else. Some children feel they don't want to let their teammates down if they've suffered any injury or have been feeling under the weather.

While a child that doesn't feel well is taken out of the game immediately, in Edward's experience, they will try to hide any physical problem they might have.

"The kids or the parents should let us know if they're (the child) not feeling well and shouldn't be playing."

DIFFERENCES

According to Edwards, one common area of misunderstanding is that of the differences between the school's P.E. program and other athletic programs. "P.E. is for everyone," he said, "while organized sports are for the gifted few."

Often he and other P.E. teachers will get a note that a certain child has a minor cut on the hand and ask that he be excused from P.E. for one or more days. Perhaps these parents are thinking of a strenuous practice session, instead of the regular P. E. program.

"In physical education we're not trying to develop Olympic stars," Edwards said, "we're trying to get them fit and keep them fit for everyday life."

C-M Pony League starts sign-ups Saturday, Jan. 20

Sign-ups for the 1973 Campbell - Moreland Pony League season will be held Saturday, January 20, from 10 a.m. to 1 p.m. at the Rincon Field clubhouse.

The program embraces boys 13 and 14 years old, including those who played as 12-year-old Little Leaguers last summer. Each boy must bring at least one parent and proof of birth date.

Four new managers were appointed at a recent board meeting. They are Mac McKinney, Cubs; Gary Mitchell, Athletics; Joe Cruz, Giants, and Dick Schneider, Cardinals. They join four returning managers: Chuck Calhoun, Mets; Ray Knight, Dodgers; Vince Echavarria, Tigers, and Bud Stallings, Yankees.

DARTING AROUND

with Tom Carroll

The rainy weather has slowed down outdoor activity in sports but opens up the indoor season of sports related events. This weekend will see two events of the show type to interest sports fans. At the Santa Clara County Fairgrounds, Paul Bender is presenting the 23rd annual San Jose Autorama while Tom Rooney has the National Sports and Boat show in San Francisco's Cow Palace.

This year's Autorama will occupy three exhibit buildings at the fairgrounds. Expo Hall, Fiesta Hall and the Pavillion. One of a series of custom car shows, it is one of the largest held in the state. Several of the cars entered in last weekend's San Mateo show are expected to be entered with several special cars from Southern California rounding out the more than 200 vehicles entered.

Two Campbell residents were entered at San Mateo and are expected to exhibit here. Both are in the motorcycle division. Jerri Ann Brown has a 1965 Harley-Davidson in the competition.

23rd YEAR

Well-known car builder George Barris will be exhibiting for his 23rd year, having started with the first show. This year he is offering a 1939 Ford Custom Sedan. New designers will also be featured with Jerry Pennington of Troy, Michigan showing his award winning "Scorpion" and Jerry Stich of South San Francisco exhibiting his "Tow Truck."

Also on tap is the $100,000 "Boss Truck of America." This diesel creation owned by Jerry Malone of Visalia holds the Bonneville Salt Flats record for 10-ton diesel trucks at 114 miles per hour.

The "Boss Truck" has a $5,000 paint job; is customized with $12,000 worth of chrome; has "his and hers" sleeper, white sidewall tires, a cocktail lounge and a golden fifth wheel.

Two vehicles from the motion picture "The Great Car Race" are staging a race of their own on the way to the Autorama. The Hannibal 8 and the Leslie left Los Angeles on Monday with stops planned at Santa Barbara, San Luis Obispo and Santa Cruz driven by designers Ed (Big Daddy) Roth and Jay Ohberg.

The San Jose Autorama is just one of over 20 dates on the West Coast that lead to the Pacific Divisional title. The finale will be held in Reno May 31 - June 3.

Show times at San Jose this weekend are Friday, 6 p.m. through 11 p.m.; Saturday and Sunday from noon to 11 p.m.

Olympics spark new interests

Gymnastic competition is very popular with girls at local junior high schools this year, according to Joe Stein, physical education consultant for the Campbell Union (elementary) School District.

"The recent Olympic games have certainly helped," he said. There is also great interest in volleyball and softball, according to the consultant.

"We place just as much emphasis on our girls' athletic programs," Stein said, "as on the boys' programs.

"Instead of having the girls be spectators," he continued, "we want them to participate.

"The junior high school does not have a cheerleader program as do the high schools," he said.

NEW GOAL

"Our new emphasis," said Stein, "is on lifetime sports." "The idea here," he explained, "is to teach youngsters sports they can continue to play all their lives. Such activities as archery, badminton, golf, ping pong and horseshoes are being offered at the five different junior high schools this year," he related.

The district has one set of equipment in each of the above areas and they are being rotated between the schools.

NEXT.....HIGH SCHOOL PROGRAM.

Pony League holds sign-ups

Thirteen and 14-year-old boys wanting to play baseball should sign up on Saturday, January 13 or 20 from 10 a.m. to 2 p.m. at Ida Price School located at Curtner and New Jersey Avenues.

Official applications and details are available through the school you attend. Bring completed application signed by parent, $5.00 and birth certificate (applications also available at Ida Price School cafeteria on sign-up dates).

Please contact Jim Casalegno at 377-7360 for any additional information.

Obituaries

ROSE M. ESCOVER

A Mass of the Resurrection was offered yesterday at St. Lucy's Church for Rose M. Escover, 76, who died Saturday in a Campbell convalescent hospital after a long illness.

She was the wife of John P. Escover of 804 Virginia Ave.; the mother of Irene Almada of Campbell; the sister of four; the grandmother of three and the great-grandmother of 11.

Santa Clara Catholic Cemetery is her final resting place.

Campbell Memorial Chapel handled the arrangements.

ONE OF OVER TWO DOZEN---Mrs. Joseph Santos of Campbell pins on the latest merit badge earned by son, Joe, 15. He is being honored at an Eagle Court of Honor at San Tomas School this Friday, January 12.

Hospital chief gets new title

Roland D. Olen, administrator of O'Connor Hospital, San Jose, since 1967, has been named the hospital's Executive Director. The title change was announced recently by O'Connor president, Sister Anne Robb.

The hospital's Board of Directors authorized the change because it felt the term "Executive Director" more accurately described the duties and responsibilities of the hospital's chief administrative officer.

O'Connor was the first private hospital in Santa Clara County and is one of 40 some hospitals in the U.S. operated by the Daughters of Charity of St. Vincent DePaul. The Order sponsors over 4,000 schools, hospitals and other works in 60 countries.

Campbell boy becomes Eagle

Campbell High School sophomore Joe Santos, 15, will be honored at an Eagle Court of Honor on Friday, January 12, at 7:30 p.m. at the San Tomas School cafetorium.

He is a member of Troop 330 of Campbell.

Now in his eighth year of scouting, Joe, 661 W. Parr Ave., has earned 27 merit badges during his climb toward eagle rank.

Scoutmaster Carl Larson will make the presentation, assisted by Asst. Scoutmaster Tom Small.

Joe plays the saxaphone with the Campbell High band and is a member of St. Lucy's parish of Campbell.

CITY OF CAMPBELL CALIFORNIA NOTICE TO CONTRACTORS PROJECT NO. 72-7

Sealed proposals will be received by the City Clerk of the City of Campbell, City Hall, Campbell, California until 2:00 o'clock P.M. on Friday, the 19th day of January, 1973, for the installation of concrete curbing and concrete surfacing of traffic islands at the intersection of Bascom and Hamilton Avenues in accordance with and as described and provided in the plans and specifications therefor and the proposed form of contract therefor, all of which are on file in the office of the City Engineer of said City, and to which special reference is hereby made.

At the above-mentioned time, in the chambers of the City Council, said sealed proposals or bids shall be publicly opened, examined, and declared.

No oral, telegraphic, or telephone bids will be considered.

Bids are required for the entire work, materials and improvements

Each proposal must be accompanied by cash, cashier's check, or check certified by a responsible bank, or by a bid bond, the proposed form of which is on file in the office of the City Engineer of said City and to which special reference is hereby made, in a sum not less than ten percent (10%) of the total amount bid, payable to the City of Campbell as liquidated damages in case the bidder is awarded the contract and fails, within fifteen (15) days after date of mailing to him by the City Clerk of a notice of award of the contract and that the contract is ready for signature, to execute the above-mentioned written contract and file with the City Clerk satisfactory insurance certificates as required by the terms of said contract and satisfactory bonds as required by law for the faithful performance of said contract and for the protection of materialmen and laborers. Special reference is hereby made to Section 4200 and 4208 of the Government Code of the State of California, and to the proposed forms for said bonds now on file in the office of the said City Engineer, for further particulars respecting bonds.

The attention of bidders is specially called to the provisions of Article 2, Chapter 1, Part 7, Division 2, of the Labor Code of the State of California, and to Resolution No. 1919 of the Council of the City of Campbell, adopted on September 13, 1965, in compliance with said provisions of the Labor code, copies of which are now on file and open for inspection in the office of the said City Clerk and in the office of the City Engineer, Campbell, California, and another copy of which is attached to the proposed form of contract above referred to. The general prevailing rate of per diem wages in this locality for each craft or type of workmen needed to execute the contract for said work and improvements, and also the general prevailing rate of per diem wages for each such craft or type of work for each legal holiday, Saturday, Sunday, and for overtime work, is as ascertained and set forth in said resolution, and said resolution is hereby specially referred to as "Exhibit A" and incorporated herein the same as if completely set forth herein, and is hereby made a part of this Notice.

No proposal will be considered unless made on forms furnished by the City Engineer of said City at his office of said City. Each proposal must be sealed, and the envelope containing the same must be addressed to the City Clerk of the City of Campbell, and must be plainly marked:

"PROJECT NO. 72-7,
BASCOM-HAMILTON"

Each bid shall separately state in both words and figures the price offered for the approximate quantity of each item set forth in the proposal form, and shall also state in words and figures the total contract price. Quantities set forth in the proposal form and in the specifications are approximate only, being given as a basis for comparison of bids, and the City of Campbell does not, expressly or impliedly, agree that the actual amount of work or materials will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work or materials or to omit portions of the work or materials as may be deemed necessary by the City Engineer.

Proposals may not be withdrawn after the time fixed for opening of proposals. The Council of the City of Campbell reserves the right to reject any and all proposals, and to waive any errors or informalities in any proposals.

Plans and specifications may be obtained at the office of the City Engineer upon receipt of a check for Fifteen dollars ($15.00) per set made payable to the City of Campbell. A refund of Fifteen dollars ($15.00) will be made for these sets if returned in good condition within ten (10) days after date of bid opening.

NOTICE OF TRUSTEE'S SALE

Loan No. 1-913488-1
T.S. No. 72-4132

D S L SERVICE COMPANY as duly appointed Trustee under the following described deed of trust WILL SELL AT PUBLIC AUCTION TO THE HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) all right, title and interest conveyed to and now held by it under said Deed of Trust in the property hereinafter described:

TRUSTOR: DONALD WARREN THOMAS and MARILYN RAE THOMAS, husband and wife

BENEFICIARY: WEYERHAEUSER MORTGAGE COMPANY, a California corporation

Recorded June 9, 1971 as instr. No. 4022765 in book 9364 page 289 of Official Records in the office of the Recorder of Santa Clara County; said deed of trust describes the following property:

Lot 36, in the City of Campbell, as shown upon the Map entitled, "Tract No. 1114 Sunberry Gardens", which Map was filed for record in the office of the Recorder of the County of Santa Clara, State of California, on August 31, 1953 in Book 46 of Maps, at page 4.

449 Sunberry Drive, Campbell, California

(If a street address or common designation is shown above, no warranty is given as to its completeness or correctness).

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter the undersigned caused said notice of breach and of election to be Recorded September 25, 1972 as instr. No. 4353765 in book 0034 page 201, of said Official Records.

Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances, to pay the remaining principal sum of the note(s) secured by said Deed of Trust, with interest as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

Said sale will be held on Wednesday, February 7, 1973 at 12:30 o'clock P.M. at the entrance of the county courthouse, at 190 North Market Street in the city of San Jose, California.

4H CLUB

by Dena Stippich

The November and December meetings of the Campbell 4-H Club were held on November 8 and December 14 at Coventry School.

At the November meeting a demonstration concerning sheep care was given by Lynn and Clay Smith. The guests of the night were two students from the Future Farmers of America Club at Los Gatos High School.

After the meeting they presented the correct parliamentary procedures carried out at meetings and helped us with our faults.

At the December meeting, project reports included the following projects: sewing, rabbits, fish, sheep raising and electric projects. Also at the December meeting committee reports were given by Chris Drouin concerning the Christmas party which was held on December 15 at Coventry School and Janet Brunner and Nora Smith explained the Caroling Project which was completed before the party.

It was announced that the club had earned $11 by selling Christmas cards.

At both meetings song leaders Colleen Clancey and Sharon Cassingham led us in a song. In November it was "Salvation Army" and in December it was "Jingle Bells."

At the next meeting on January 11 there will be a contest for all projects.

Businessman's course planned

Planning to go into business for yourself?

A free one-day Workshop for Prospective Business Owners and Managers is announced jointly by the Regional Director of Region IX, U. S. Small Business Administration, the Greater San Jose Chamber of Commerce, City of San Jose Public Library and the Metropolitan Adult Education Program.

The workshop is scheduled for Wednesday, January 17, 1973, 8:45 a.m. to 4 p.m. in the Community Room, Main Library, 180 W. San Carlos St., San Jose.

The fields of business organization, advertising and sales promotion, financial planning, legal questions, insurance, sources of information, business taxes, and recordkeeping will be discussed.

Attendance (no fee) will be by advance registration, which can be arranged by calling the Metropolitan Adult Education Program at (408) 292-2737.

JANUARY 10:

On this date in 1946, an R-5 helicopter set an unofficial world altitude record for helicopters when flown to 21,000 feet at Stratford, Conn., by C. A. Moeller and D. D. Viner.

ANONYMOUS DONOR

The wallet of a Washington, D. C. man is on its way to him by certified mail today after being left at the Campbell Police Department headquarters here last week. Credit cards and identification papers, including a draft card, were found in the wallet.

Campbell police contacted the man and learned that his wallet had been taken in an armed robbery there last year.

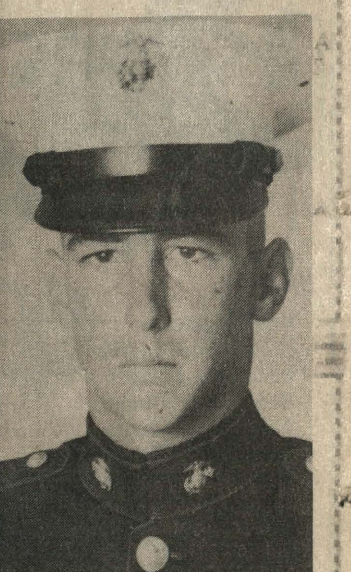
The person that dropped off the wallet did not leave his name.

Search ends for lost dog

Olga Perez's two week search for her missing dog ended unhappily last Friday when the dog was found dead of a gunshot wound under the Perez home at 1440 Elam Avenue.

According to reports the 20 year-old Campbell woman found the dog with a wound in his side. It is believed he crawled under the house for shelter after being shot and died there.

Police are investigating the case.



GRADUATES — Marine Pvt. William G. Mahoney, son of Mr. and Mrs. Gerald T. Mahoney of 2853 S. Bascom, Campbell, graduated from basic training at the Marine Corps Recruit Depot in San Diego.

UFO buffs meet here

Those interested in UFO's are invited to attend a meeting of Unit 80, Understanding, Inc., Saturday, January 13, at Great Western Savings and Loan, Community Room beginning at 8 p.m.

The Monk and Galaxie tapes will be played at the meeting according to Heather Neville of Campbell.

The building is located at the corner of Market and St. James streets in San Jose.

LOOK AT ALL THE TREES--Billy Barnes of Campbell shows his small friends one of the stacks of Christmas trees collected last Saturday at Campbell Park. Thousands of trees were brought in to be ground up and used for mulch at city parks. The public works department of the City of Campbell, with aid from a San Jose radio station, a local restaurant and tree service company, spearheaded the drive. Pictured with six-year-old Billy are, from left, Robbie Barnes, 5 (with paper airplane) and Barton Dorsa, 5.

National Education Week on Smoking rolls ahead

"Yes, there are five things you can do about smoking" is the message carried by the 1973 National Education Week on Smoking from January 7 to 13. The week will mark the ninth anniversary of the first Surgeon General's report on smoking.

The "five things you can do about smoking" are compiled from the experiences of some of the 29 million nationwide who have given up smoking. The "five things" are:

1. Smoke less.
2. Choose a lower tar and nicotine cigarette.
3. Respect the rights of non-smokers.
4. Help young people not to start smoking.
5. Find your own way to quit.

Locally, the Santa Clara County Health Department will carry on a week-long education program to aid the public in giving up smoking by highlighting these five points, according to John Palmer, Santa Clara County Health Educator. Information will be available through the public schools, radio and television.

Each day of the week will be devoted to a distinct target area or activity. Monday focused on less hazardous smoking education. While there is no safe cigarette, Palmer reports, there are less dangerous ways of smoking. These include cutting down on the number of cigarettes smoked and switching to low tar and nicotine cigarettes.

Tuesday was aimed at the woman smoker. Studies indicate that between 1955 and 1966 there was a 200 per cent increase in the number of women smoking a pack or more a day. Further, pregnant women who smoke have more stillbirths, spontaneous abortions and smaller babies than non-smoking women. This is important, Palmer points out, since 40 per cent of women in their child-bearing years smoke.

Respecting the rights of the non-smoker is the subject for Wednesday. In this newest approach, smokers will be made aware that their habit is an infringement on the rights of the non-smoker to breathe smoke-free air.

Thursday will concentrate on how adults and parents can positively influence young people not to begin smoking by setting good examples and not smoking themselves.

The week-long program will wind up on Friday with information for those who have attempted to quit but have not yet been successful. According to Palmer, one main goal of National Education Week on Smoking is to make the public aware of various different methods for quitting smoking that have been successful for someone else.

"By focusing efforts on these five things you can do about smoking," John Palmer stated, "we're hoping to promote practical help to those who still need it."

JANUARY 10:
On this date in 1910, the first U.S. flying meet opened at Los Angeles under auspices of the Aero Club of California.

Birth rate drops

Continuing a state and national trend, California is expected to have 20,000 fewer births in 1972 than occurred in 1971.

A preliminary estimate of 310,000 births for 1972 was made by the State Department of Public Health. The 1971 total was 330,000.

Dr. Frederick B. Hodges, state vital statistics registrar and director of the public health department, said the number of 1972 births will be about six percent less than in 1971, when California first had a sharp drop in live births. The national decrease between 1971 and 1972 is expected to be even greater than for the 1970-71 period, he said.

Factors influencing this trend may be the practice in recent years of having smaller families and decisions by young couples to defer starting families or to adopt children, Dr. Hodges said.

Deaths in California during 1972 are expected to total about 170,000 -- a figure little changed from 1971, he added.
